

# SUNDANCE (Fitness, Dance, Aqua & Yoga) CAMP Tenerife

17<sup>th</sup> June – 24<sup>th</sup> June

Enjoy a day at the beach, walk along one of the trails that venture into the lush forests, discover impressive volcanoes and awe-inspiring landscapes that are almost otherworldly, and striking ravines and cliffs. Spend an evening gazing at the endless stars in good company or make that dream of seeing dolphins and whales swimming in the wild a reality.

Unravel the serene beauty and luxurious tranquillity of Playa del Camison, one of Tenerife's most exquisite beaches. Nestled amidst the golden allure of the island, prepare to be mesmerized by the elegant shores, captivating views, and the unique blend of luxury and tranquillity that awaits every visitor. From the azure waters to the green lawns and exquisite café experiences - every moment here is a slice of heaven.

Dive in, explore, and let the waves wash your worries away. □

## What awaits you in the camp?

1-4 workouts during a day:

- yoga classes
- swim, aqua fitness (education, training, or technical development)

- HIIT, Functional Training, Jomba Floor
- Dancing and Conditioning classes (Latin, Zumba -, Belly - dance)

Our **yoga** classes help you to learn to solve both physically and mentally your tension and release the everyday, or even the stored deep below the surface stress.

Healthy fatigue is ensured by interval type workouts. We can expand our dance skills and develop our stamina with fun but intense **JOMBA 'Floor'** ground exercises. Choreographed lessons based on high-intensity, energetic, dynamic, dancing routine movements that combine the practices of carnivals, martial arts and high-intensity, bouncing shredding exercises, based on music.

**HIIT**, high-intensity interval training is a type of interval training that generally combines short intermittent intense training with short rest phases or low intensity with training. **Functional training** treats the full body, it is more complex exercises, you always work several muscle groups at the same time. The basis of the exercises it is given by the movements that occur in everyday life, such as squats, deadlifts, pulling and pushing movements and their combinations.

**Swimming and water exercises** provide the atmosphere and foundation of the camp. They give you a smile and confidence, taking your time in the water to a new level. By the end of the week, we will face the sea and the bigger waves of everyday life with courage and safety in the water.

One of the specialties of our camp are the **Latin - and belly - dancing**, by which we can discover the secrets of our femininity and our body, the limits of them, and thus become more confident in our daily lives. This dance emphasizes the complex movement of the human body, which focuses on the waving and vibration of the hip and umbilical region, but the movements use every part of the body.

The informal, social form of It will make you movement much more feminine, elegant and sophisticated. It helps to harmonize female energies.

Our mission is to bring something new into people's lives and help you move out of the greyness of everyday life. That is why we have designed the program of our camp in such a way that you will not only return home with the memory of a pleasant holiday, but you will also be able to gain practical and theoretical knowledge that will help you change and develop day by day.
